

At Guerin-Stewart Podiatry, our staff and our patients health is very important to us.

The COVID-19 outbreak was declared a global pandemic by World Health Organization (WHO). We want you to know we are taking the news of the COVID-19 situation very seriously and we are following all advice given by the Saskatchewan College of Podiatrists. At this time all non-essential and elective Podiatry services will be suspended effective immediately.

We will continue to see patients on an emergency and post-operative bases only. This can include post-surgery, emergency care or diabetic care.

We will be checking messages and e-mails frequently. If you are unsure if your situation qualifies for an appointment at this time please contact us to learn more. We will look forward to serving you in the future and wish you and your families good health and wellness.

During this time we ask you to please consider your health and others if you are experiencing symptoms and to follow the recommended guidelines in place by the province.
